ARCHAEOLOGY FIELD SCHOOL

Montana Tech will offer a new [Archaeology Field School](#) course in Fall 2024. Beaverhead-Deerlodge National Forest Historical Archaeologist and Heritage Program Lead Ayme Swartz will teach the course. Students will spend most of their time in the field, learning important archaeological techniques.

The course is open to both undergraduate and graduate students. It will be held on Wednesdays from 2 p.m. to 5 p.m. Class size is capped at 20 students. To apply, [click here](#).

Anyone with questions can contact Swartz at Ayme.Swartz@gmail.com.

4TH OF JULY PARADE

We are excited about the upcoming 4th of July parade. We are hoping to have many faculty, staff, and students walking with our entry. The parade will begin at 10:00 am at the Butte Civic Center and

will proceed down Harrison Avenue. We have a limited number of t-shirts for those walking with the Montana Tech entry. If you are interested and want a t-shirt, please email abadovinac@mtech.edu with your shirt size.

MULTI-FACTOR AUTHENTICATION (MFA)

Multi-Factor Authentication (MFA) is now becoming a requirement most on-line account access for security verification. Montana Tech currently requires the use of DUO authentication for Staff and Faculty account access and supports MS Authenticator for Microsoft's Self Service Password Reset Tool (SSPR) used for unlocking or resetting your Tech account. The IT Department is busily making preparations this summer to replace our current Single Sign On (SSO) platform and replace DUO with MS Authenticator. Stay tuned for updates on this project.

But what happens if you get a new phone? Do you lose access to your accounts if your phone is lost, stolen, or destroyed?
