SAVE THE DATE: RESEARCH SYMPOSIUM

The Montana Department of Transportation (MDT) will hold a Research Symposium at the Helena MDT Headquarters on **May 20, 2025**, from 8:30 to 4:00 MT. This will be an in-person only event and no virtual options will be provided.

If you attended the May 2024 TRB State visit held in Helena and virtually, this event aims to build off the momentum and interest from that event. We had great discussions centered around transportation research and many in attendance expressed interest in participating in another networking event.

Researchers: The format MDT is building towards would be a morning showcasing examples of research work that could relate to the work MDT does. After a lunch break, the day would transition to a networking event designed to bring out MDT research needs and researcher topic interests. MDT plans to request abstracts from interested researchers for MDT to select for the morning presentations.

For more information, contact: Rebecca Ridenour, P.E., Research Section Supervisor | Highways and Engineering | 406-444-7203 | rridenour@mt.gov

The agenda will be designed to foster networking and collaboration. We will update as more details are established by MDT.
