

Steps to Accessibility

Completed Initiatives

- Obtained a license for Read&Write so that students, staff, and faculty have free access to a text-to-speech program.
- Created a separate office exclusively dedicated to accessibility and disability accommodations.
- Redesigned our website and integrated with Cascade CMS, which checks for accessible content.
- Created the "Report Accessibility Barriers" form for students, staff, faculty, and visitors to report any accessibility barriers encountered at Montana Tech.

Future Initiatives

- Renovations on Main Hall, Engineering Hall, and Prospector Hall.
- Assessments for accessibility by local disability organizations for our website and physical campus.
