

MontanaTech

THE UNIVERSITY OF MONTANA

2011 Graduate Survey

**Summary Prepared By
Montana Tech Career Services**

INTRODUCTION

This annual survey is conducted for the purpose of facilitating the career decisions of currently enrolled and prospective students. The survey is done in compliance with the Title IV Higher Education Reauthorization Amendments of 1986 (Sections 485 and 486). It is also completed as part of our continued effort to increase and expand our institutional effectiveness.

The Graduate Survey has four parts: (1) Survey highlights and summary, (2) Statistical details by degree area: Bachelor's, Associate's, Certificate's and Master's, (3) Companies that hired Montana Tech graduates, and (4) Colleges and Universities where Montana Tech graduates have continued their education.

The portion of the summaries which deal with placement status accounts for all degree and certificate recipients, including U.S. and Canadian Citizens and International graduates, are divided into the following six categories:

- 1) DEGREE-RELATED EMPLOYMENT**
- 2) PROFESSIONAL EMPLOYMENT (Positions requiring college degree)**
- 3) EMPLOYMENT OUTSIDE OF DEGREE AREA**
- 4) CONTINUING EDUCATION**
- 5) MILITARY**
- 6) NOT CURRENTLY SEEKING EMPLOYMENT**

Placement data are based on responses received from the graduates who participated in the Montana Tech 2011 Graduate Survey. Class of 2011 includes Summer 2010, Fall 2010 and Spring 2011 graduates. A small portion of the survey was provided by secondary sources. A conscientious effort has been made to ensure the accuracy of the career information included in this report.

Because of the cyclical nature of the businesses and industries for which Montana Tech trains its students, placement statistics from any one year should not be viewed as representative long-term permanent results. The annual graduate survey should, instead, be viewed only as an informational resource in the career-planning process.

This survey is available online at:
www.mtech.edu/career/surveys

Special Note: Specific information on each of the different colleges can be found online at: www.mtech.edu/academics

Insufficient Data (I/D): To keep salary information confidential, I/D is listed when less than four salaries are reported.

THE UNIVERSITY OF MONTANA

SUMMARY OF THE 2011 GRADUATE SURVEY

Published: July 2013

HIGHLIGHTS

The following data were derived from respondents representing 95% of the graduating class of 2011.

453 – TOTAL DEGREES GRANTED TO GRADUATES

- 338** Bachelors (including Bachelor of Science, Bachelor of Applied Science, and Associate of Science)
- 51** Master of Science
- 63** Associate of Applied Science
- 1** Certificate

449 – TOTAL NUMBER OF 2011 GRADUATES

92% – OVERALL PLACEMENT (412/449) - (Percentage based on total of Categories 1-6)

- 63%** Graduates Working in Degree-Related Positions (284/449)
- 3%** Graduates Working in Professional Positions (12/449)
- 5%** Graduates Working Outside Their Degree Area (23/449)
- 18%** Graduates Continuing Their Education (82/449)
- 1%** Graduates Serving in the Military (5/449)
- 1%** Graduates Not Seeking Employment (6/449)

AVERAGE ANNUAL STARTING SALARIES FOR REPORTING GRADUATES

- \$ 38,265** College of Letters, Sciences, and Professional Studies (37)
- \$ 63,945** School of Mines & Engineering (98)
- \$ 33,481** College of Technology (11)
- \$ 67,583** Graduate School (24)

2011 SUMMARY BY DEGREE AREA

NOTE: The placement percentage consists of six categories:

1) degree-related employment, 2) professional employment, 3) employment outside of degree, 4) continuing education, 5) military, and 6) not seeking employment.

NOTE: The number of options reflects the number of options earned and may not equal the total number of graduates.
