SCHOOL OF MINES AND ENGINEERING

## COMPUTER SCIENCE AT MONTANA TECH

Prepare for cutting-edge careers by gaining practical experience designing, building, testing, and maintaining software systems through our ABET-accredited computer science degree. Our job placement for graduates is near 100%. You can further specialize your computer science degree with a custom focus area in the field of your choice. You'll learn from world-renowned faculty who bring industry experience and broad academic interests.

At Montana Tech, you'll benefit from easy access to state-of-the-art computers and equipment for research and project work. You'll gain real-world experience through computer science internships during your upper-level years. Our students have interned all over the country for top companies and organizations, including Google, Dish Networks, Micron Technologies, and the City of Butte.
