

## Call for Spring 2019 RAMP Project Proposals

The Undergraduate Research Committee is pleased to open the call for proposals for the Spring Session Research Assistant Mentorship Program (RAMP). This program is for freshman, sophomore, and junior-level researchers (less than 90 credits of completed coursework) that have not participated in formal URP funded research before. Ideally full-time faculty members will assemble teams of 3 researchers for spring semester research projects.

Proposals (3 pages max) should be drafted by faculty mentors and submitted to [urp@mtech.edu](mailto:urp@mtech.edu) no later than **12 p.m. (noon) on Friday November 30, 2018**. Full details for proposal submission, and the required cover page are attached. No late proposals will be accepted.
